

Centratama Appoints Arief Mustain to Board of Commissioners

He brings three decades of experience to one of Indonesia's largest independent towercos

Jakarta - July 29, 2022 – PT Centratama Telekomunikasi Indonesia, Tbk (“Centratama”) – the third largest independent towerco in Indonesia and a member of the EdgePoint Group (“EdgePoint”), a leading ASEAN-based independent telecommunications infrastructure company, has appointed telecommunications executive Arief Mustain as an Independent Commissioner on its Board of Commissioners. In his new role, Arief will be part of a 5-person Board of Commissioners supervising Centratama’s Board of Directors in the day-to-day management and operations of the company.

Ronald Waas, President Commissioner of the Board of Commissioners at Centratama, commented, “We warmly welcome Bapak Arief Mustain to the Board of Commissioners. As the Board of Directors strive to achieve Centratama’s goals, his addition to the Board of Commissioners will further guide their success. We are confident that Arief’s career experience across telco and broadband operations and infrastructure will help in further strengthening the company’s position as the third largest independent towerco in Indonesia.”

Prior to this appointment, Arief was most recently the Director and Chief Strategy and Innovation Officer at PT Indosat , Tbk (Indosat Ooredoo). His three-decade career in the telecommunications industry includes more than 20 years in telco service and operations, five years in broadband infrastructure strategy and deployment and five years in digital telco strategy and innovation.
